1. Executive Summary

PrepCET is an EdTech startup that helps MHT-CET students find the right college easily.

Instead of searching on multiple websites, students can get all important college information in one app. They can search colleges, check branch-wise and category-wise cutoffs, view seat matrix, compare colleges, and explore details like fees, placements, branches, and official links.

PrepCET is built to make the college admission process simple, fast, and reliable by providing accurate and easy-to-understand information.

Today, PrepCET has more than 11,000 active application users and continues to help thousands of students make better college admission decisions across Maharashtra.

2. Problem Statement

Every year, thousands of MHT-CET students struggle to find accurate and complete college admission information. Important details such as cutoffs, seat matrix, fees, branches, placements, and official links are scattered across multiple websites, making the process confusing and time-consuming.

PrepCET was created to solve this problem by providing all essential college admission information in one place with an easy-to-use interface and accurate, organized data.

3. Our Solution – PrepCET

PrepCET is a mobile application that helps MHT-CET students make better college admission decisions by providing accurate information in one place.
