EagleByte Solutions Pvt.Ltd aspires to be the global sourcing choice of the world market and revolutionizes the way service processes function. To reach out to the common people across the globe and making Information Technology a tool for the "MASS" along with the tool for the "CLASS". Creating innovative IT solutions and provide IT-enabled services to delight customers worldwide and build Relationships based on Trust, Values, and Professionalism.

EagleByte Solutions Pvt.Ltd has industry-specific IT expertise in Technology, Financial, Healthcare, Media, Manufacturing, and many other sectors. The company specializes in offering Web - Application - software Development, Social media - Digital Marketing, Branding (Logo, graphics design), Software Testing, Quality Assurance services, and many more. We are a team of committee Innovative, client-sensitive and experienced IT professionals who always strive

The primary goals are –

2.1 Industrial Training to Students As well As Faculty:

- The goal is to provide practical training opportunities to both students and faculty members in relevant industrial settings. It aims to bridge the gap between the theoretical knowledge acquired in educational institutions and the practical skills required in industry.
- Industrial training programs may include workshops, seminars or structured internships conducted by industry experts. These initiatives enhance participants' understanding of industry practices, technologies and processes, enriching their educational experience and preparing them for future careers.

2.2 Guest Lecture as per the expertise available in the company:

- The objective includes inviting subject matter experts from partner industries to deliver guest lectures and share their insights with students and faculty.
- Members these lectures provide valuable exposure about real-world scenarios, industry trends and best practices.
- Guest lectures can cover a wide range of topics including emerging technologies, market dynamics, case studies and career guidance.

2.3 Sponsored Industrial Live Project to final year Students:

- This includes facilitating sponsored industrial projects for final year students, in which they work on real-world challenges or assignments provided by industry partners.
- These projects provide students with the opportunity to apply theoretical concepts to practical situations, promoting critical thinking, problem-solving and project management skills.
- Sponsored industrial live projects may involve collaboration between students, faculty members, and industry mentors. They provide a platform for students to

to deliver customized, cost-effective and long-term IT solutions that complement our client's objective and result in a satisfied customer.

At EagleByte Solutions Pvt.Ltd, we "Strive with Technology" to provide the most effective and affordable service that fulfils our customer's needs and budget.

Manasvi Tech Solutions Pvt.Ltd and Marketing Bazar serve as the parent Companies of EagleByte Solutions Pvt.Ltd.

Here are their details:

Manasvi specializes in handling heavyweight clients like Hindustan Petroleum Corporation Limited (HPCL), Bharat Petroleum Corporation Limited (BPCL) and Indian Oil Corporation (IO). With a track record of excellence, Manasvi offers a wide range of services including application development, website development and software development.

Marketing Bazaar, on the other hand, is a forward-thinking agency that prides itself on its ability to work with international brands while maintaining a strong focus on local projects. Specializing in services like social media marketing, performance marketing and branding through logo and graphics designing.

Institute Profile-

To achieve excellence in engineering education with strong ethical values.

2. Objectives of Cooperation

The main objective of this MoU is to provide a platform to build a strong and on-going relationship between EagleByte Solutions Pvt.Ltd and R. C. Patel Institute of Technology, Shirpur.

Show case their capabilities, gain industry exposure, and potentially secure employment opportunities upon graduation.

2.4 Campus Selection of Final Year Students (Project-Based):

This specific approach to campus selection emphasizes assessment and selection of final year students on project basis primarily on their performance in assignments and initiatives. The process gives priority to assessing the candidates' practical skills, problem-solving abilities and project management capabilities through real-world projects completed during their academic tenure.

2.5 Industry can provide Internships to First Year and last year students as per their technical skills:

- It aims to facilitate internships for First-year and final-year students based on their technical skills and career interests. Internships provide students with hands-on experience in a professional environment, allowing them to apply industry knowledge, gain practical skills, and explore career paths.
- Internships may span various durations, ranging from a few weeks to several months, and may be compensated or unpaid, depending on the organization's policies and agreements. The terms and conditions of the internship will be tailored to suit the student's abilities and the conditions prevailing at the time.
- Overall, these primary objectives represent a broad vision to promote industry-academia collaboration, increase student employability, and bridge the gap between education and industry needs.
